# Nominations to the River Tees Port Health Authority

# **Public**

To: River Tees Port Health Authority Date: 1 June 2024

From: Clerk to the River Tees Port Health Authority Decision: Committee

# 1 What is the purpose of this report?

1.1 The purpose of this report is to advise Members of the nominations to the River Tees Port Health Authority from the constituent Riparian Authorities for the municipal year of 2024/25.

# 2 What is the background to this report?

2.1 The Authority is constituted of the following representation from neighbouring authorities:

Hartlepool Borough Council 2 Members

Middlesbrough Borough Council 5 Members

Stockton-on-Tees Borough Council 5 Members

Redcar and Cleveland Borough Council 5 Members

Nominations to the Authority are not made on a proportional basis.

# 3 Who have we consulted?

4.1 Following the Annual General Meetings of the above-named Local Authorities the following nominations have been received:

# **Hartlepool Borough Council**

Councillors M Dodds and B Harrison

# Middlesbrough Borough Council

Councillors D Coupe, T Furness, P Gavigan, L Hurst, and J Walker

# Stockton-on-Tees Borough Council

Councillors L Hall, S Hussain, E Johnson, P Rowling and S Scott

# **Redcar and Cleveland Borough Council**

Councillors W Davies, P Grogan, I Hart, L Myer and J Neal.

Page 3

#### 4 What options have been considered?

# 4.1 **Option 1**

Do nothing - the nominations will not be accepted and the Joint Board will not be constituted in line with its governance arrangements.

# Option 2

Accept the nominations - the known nominations will be agreed and the Joint Board constituted correctly in line with its governance arrangements.

#### 5 Recommendations

5.1 It is recommended that the following nominations of Members to River Tees Port Health Authority for the municipal year of 2024/25 be accepted:

| Name                  | Authority                            |
|-----------------------|--------------------------------------|
| Councillor M Dodds    | Hartlepool Borough Council           |
| Councillor B Harrison | Hartlepool Borough Council           |
| Councillor D Coupe    | Middlesbrough Borough Council        |
| Councillor T Furness  | Middlesbrough Borough Council        |
| Councillor P Gavigan  | Middlesbrough Borough Council        |
| Councillor L Hurst    | Middlesbrough Borough Council        |
| Councillor J Walker   | Middlesbrough Borough Council        |
| Councillor L Hall     | Stockton-on-Tees Borough Council     |
| Councillor S Hussain  | Stockton-on-Tees Borough Council     |
| Councillor E Johnson  | Stockton-on-Tees Borough Council     |
| Councillor P Rowling  | Stockton-on-Tees Borough Council     |
| Councillor S Scott    | Stockton-on-Tees Borough Council     |
| Councillor W Davies   | Redcar and Cleveland Borough Council |
| Councillor P Grogan   | Redcar and Cleveland Borough Council |
| Councillor I Hart     | Redcar and Cleveland Borough Council |
| Councillor L Myer     | Redcar and Cleveland Borough Council |
| Councillor J Neal     | Redcar and Cleveland Borough Council |

# RIVER TEES PORT HEALTH AUTHORITY

A meeting of the River Tees Port Health Authority was held on Friday, 8 March 2024 at the Civic Centre, Ridley Street, Redcar TS10 1TD.

PRESENT Councillor Johnson (Chair)

Councillors Coupe, W Davies, Hall, Harrison, Hurst, Hussain, L Myer and Scott and J Symon

(substituting for P Grogan).

OFFICIALS R Davisworth, D Dobson, L Evans, S Fenwick, A

Lynch-Brown and S Ziolkowski.

#### APOLOGIES FOR ABSENCE

Apologies for absence were received from Councillors R Creevy, Furness, P Grogan, C Jones, J Neal and M Storey.

# 16 APOLOGIES FOR ABSENCE

Apologies for absence were received from Councillors T Furness, P Grogan, C Jones, M Storey and J Walker

#### 17 **DECLARATIONS OF INTEREST**

There were no declarations of interests

# 18 TO CONFIRM THE MINUTES OF THE MEETING HELD ON 8 DECEMBER 2023

**RESOLVED** that the minutes of the meeting held on 8 December 2023 be confirmed as a correct record.

# Friday, 8 March 2024

# 19 REVIEW OF THE CURRENT FEES AND CHARGES

The Executive Director of Adults and Communities presented a report wh sought Members approval to the proposed amendments to the fees and charges for 2024/25.

Members were reminded that fees and charges must be reviewed annual the actual cost of the service to customers. The last time the fees were rein March 2023. The current review had considered the time taken for carchargeable activities, a prediction of the national annual pay award of 5% costs for 2024/25, and changes to third party charges for analyst fees, tra etc. All fees and charges have been rounded up to the nearest pound.

The report also advised that there were new fees and charges to be imple 2024/25, for Products of Animal Origin (POAO) as the Port was anticipating before the implementation of official controls due to come into effect from 2024.

**RESOLVED** that the changes to the current fees and charges for 2024-25 be approved.

#### 20 BORDER TARGET OPERATING MODEL

The Executive Director of Adults and Communities presented a report which gave an update on the potential impacts on the River Tees Port Health Authority (RTPHA) following Britain's exit from the European Union including the implementation of the Border Target Operating Model (BTOM).

The Border Target Operating Model was published in August 2023. This report therefore gave details of the timelines and checks to be introduced to protect the UK borders from sanitary and phytosanitary risks.

Sanitary and phytosanitary (SPS) measures were quarantine and biosecurity measures which are applied to protect human, animal or plant life or health from risks arising from the introduction, establishment and spread of pests and diseases and from risks arising from additives, toxins and contaminants in food and feed.

The report also gave details of the milestones in the final published Border Target Operation Model Update, controls to be applied to live animals, germinal and animal products, Trust a Trader Scheme, the impact of the RTPHA and an update on funding.

**RESOLVED** that the information in the report be noted.

Friday, 8 March 2024

# 21 PERFORMANCE SUMMARY FOR RIVER TEES PORT HEALTH AUTHORITY - NOVEMBER 2023 TO JANUARY 2024

The Executive Director of Adults and Communities presented a report which gave a summary of the performance of the River Tees Port Health Authority from November 2023 to January 20024 - **NOTED** 

# 22 2023/24 FINANCIAL POSITION UPDATE AND FINAL 2024/25 BUDGET APPROVAL

The Executive Director of Adults and Communities presented a report which gave an update on the financial position of the River Tees Port Health Authority at the end of December 2023 (Period 9).

The report highlighted any variances against the 2023/24 approved budget, gave an update on the estimated reserve levels and confirmed the budget proposals and the Riparian contribution requirements for 2024/25.

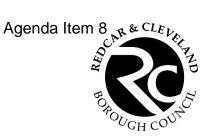

**RESOLVED** that the information in the report be noted.

# 23 ANY ITEMS THAT THE CHAIR CERTIFIES AS URGENT

The Chair advised that Rob Davisworth, Treasurer to the River Tees Port Health Authority was leaving Redcar and Cleveland. Council. The Board thanked Rob for his work and wished him well for the future.

# **Member Report**

#### 1 What is the recommendation?

1.1 For information purposes only.

# What part of the Corporate Plan does this report deliver and how, and what options have been considered?

2.1 This report provides an overview of the performance from 01 February 2024 to 30 April 2024.

# 2.2 Shipping movements through the River Tees

Shipping movements are consistent throughout the year with Stockton, and Redcar and Cleveland having the most berths and as such the most visits by ships. The Stockton (North Tees) side of the river mainly deals with petrochemicals, including oil, gas and other chemicals, and Redcar and Cleveland hosts the container and ro-ro (roll on-roll off) berths.

2.4

# Ship Inspections and Issue of Ship Sanitation Certificates

All requests for renewal of a Ship Sanitation Certificate were attended to. Whilst all UK Covid restrictions have been lifted, officers continue to take precautions prior to boarding a vessel.

All ships must supply a Declaration of Health prior to officers boarding; any sign of infectious disease on board will be risk assessed prior to boarding.

# 2.5 **Ship Inspections**

| Total              | 7      | 3      | 10     | 20          |

# 2.6 Water Samples – ship and jetty supplies

All requests for water samples are attended to where there is availability for the laboratory to collect the samples within an appropriate time frame. The laboratory can collect samples Monday to Friday; Tuesday, Wednesday and Thursday are dedicated free pick-up times, and Monday and Friday are ad-hoc collections which incur an additional charge to the ship.

Any unsatisfactory samples are provided with advice and information and a recommendation to resample at their next port of call.

# 2.7 Ship Water Sample Results

| Type of sample       | Outcome        | Feb 24 | Mar 24 | Apr 24 | Total |
|----------------------|----------------|--------|--------|--------|-------|
| Ship Bacteriological | Satisfactory   | 0      | 3      | 12     | 15    |
|                      | Unsatisfactory | 0      | 0      | 1      | 1     |
| Ship Legionella      | Satisfactory   | 2      | 2      | 9      | 13    |
|                      | Unsatisfactory | 2      | 0      | 3      | 5     |
| Jetty Water          | Satisfactory   | 0      | 0      | 0      | 0     |
|                      | Unsatisfactory | 0      | 0      | 0      | 0     |
|                      | Grand Total    | 4      | 5      | 25     | 34    |

# 2.8 Imported Food and Feed

All official controls are carried out within relevant timescales, and this varies depending on the type of product and regulation requirements.

Tea, coffee, and wine are the main imported food items from outside the EU, a small amount of feed is also imported. The quantity of plastic kitchenware from China and Hong Kong continues to be minimal.

# 2.9 IUU (Illegal Unreported Unregulated Checks)

Imports of fish from the EU require catch certificate endorsement and/or a processing statement check. We are working with importers and agents to ensure these are pre-notified at least 24 hours before arrival at Teesport and manifested correctly.

Most Tees imports are containers and trailers with processed fishery products, such as tinned tuna, fish fingers and surimi (mixed fish sticks) on board.

|                  | Feb 24 | Mar 24 | Apr 24 | Total |
|------------------|--------|--------|--------|-------|
| Fishery products | 119    | 110    | 114    | 343   |

The service also processed 163 Aquaculture Statements. Aquaculture statements are required for farmed fish.

# 2.10 Product of Animal Origin (POAO)

Teesport was approved for POAO on 22 April 2024 and can now receive POAO from outside Great Britain including all EU products required for official controls from 30/04/2024.

# 2.11 Organics

The service has certified a total of 2 consignment of organic imports between February to April 2024. These were both coffee imports.

# 2.12 Plastic Kitchenware from China and Hong Kong

The service did not receive any consignments of plastic kitchenware during February to April 2024.

# 2.13 Health Entry Documents for High-Risk Food not of Animal Origin (HRFNAO)

The service did not receive any consignments of high-risk food not of animal origin during February to April 2024.

#### 2.14 Infectious disease notifications

There were no incidents of infectious disease notifications between February and April 2024.

# 2.15 **Teesside Airport**

There have been no imports of food or feed through the airport between February and April 2024.

# 2.16 Policies and Plans

All policies and plans have been reviewed and updated where required and will be presented at this (June 2024) Board meeting. Once approved, they will be available to view on our website at <a href="https://www.teesporthealth.co.uk">www.teesporthealth.co.uk</a>

# **River Tees Port Health Authority**

# **Border Target Operating Model**

To: River Tees Port Health Authority Date: 07 June 2024

From: Corporate Director Growth Enterprise Decision: Committee

Environment

Portfolio: Health and Welfare

Outcome: Public Health

# 1 What is the purpose of this report?

1.1 To update members on the potential impacts on the River Tees Port Health Authority (RTPHA) following Britain's exit from the European Union including implementation of the Border Target Operating Model (BTOM).

# 2 What is the background to this report?

2.1 The Border Target Operating Model was published in August 2023. This document details the timelines and checks to be introduced to protect the UK borders from sanitary and phytosanitary risks.

Sanitary and phytosanitary (SPS) measures are quarantine and biosecurity measures which are applied to protect human, animal or plant life or health from risks arising from the introduction, establishment and spread of pests and diseases and from risks arising from additives, toxins and contaminants in food and feed.

# 2.2 Border Target Operation Model Update (BTOM)

The three milestones in the final published TOM are;

- 31 January 2024 The introduction of health certification on imports of medium risk animal products, plants, plant products and high-risk food (and feed) of non-animal origin from the EU.
  - There are no checks to be carried out by the River Tees Port
    Health Authority (PHA) on these documents.
- 30 April 2024 The introduction of documentary and risk-based identity and physical checks on medium risk animal products, plants, plant products and high-risk food (and feed) of non-animal origin from the EU. At this point imports of Sanitary and Phytosanitary goods from the rest of the world will begin to benefit from the new risk-based model including removal of health certification and routine checks on low-risk products as

well as a reduction in physical and identity checks on medium risk animal products.

- The PHA is required to carry out these checks following full approval of the Border Control Post (BCP) for the commodity types from 30 April 2024.
- 31 October 2024 Safety and Security declarations for EU imports are
  due come into force. Alongside this, the UK will introduce a reduced
  dataset for imports and use of the UK Single Trade Window will remove
  duplication where possible across different pre-arrival datasets.
  - There will be no impact to the PHA for the implementation of these checks.

# 2.3 Controls that will be applied to live animals, germinal and animal products based on risk categorisation.

Controls will be applied to goods proportionately based upon their risk categorisation:

- Import of consignments categorised as high risk (predominantly live animals, germinal products and goods under safeguard measures) will require pre-notification, simplified health certificates, documentary checks and identity and physical checks at the border. In most cases, live animals will be subject to 100% identity and physical checks. Some exceptions to the requirement for 100% checks for animals are set out below. These include lower check rates for some types of high health equines (e.g. racehorses) from low-risk countries, some zoological animals and some live aquatic animals.
- Import of consignments categorised as medium risk will require prenotification, simplified health certificates, documentary checks and be
  subject to risk-based identity and physical checks at the border. Some will
  be set at 1% physical and identity checks, although other goods will be
  considerably higher based on specific risks. A Trusted Trader scheme for
  medium risk consignments is also being piloted in 2024.
- Import of consignments categorised as low risk will require prenotification and surveillance checks; there is no requirement for a Health Certificate for these goods. Goods classified as low risk would still need to enter via a port that has a Border Control Post (BCP) designation for that type of commodity and will be subject to surveillance checks.

Detail on the import risk categories are available to view via the government website at <a href="https://www.gov.uk/government/publications/risk-categories-for-animal-and-animal-product-imports-to-great-britain">https://www.gov.uk/government/publications/risk-categories-for-animal-and-animal-product-imports-from-non-eu-countries-to-great-britain/tom-risk-categories-for-animal-and-animal-product-imports-from-non-eu-countries-to-great-britain-summary-tables for non-EU products.

#### 2.4 Trusted Trader Schemes

Data, technology and trusted relationships will be used to deliver robust upstream compliance that allows processes to be moved away from the border and improve the flow of goods. Trusted Trader schemes can play a role in protecting public health and food safety while reducing burdens on industry.

The government started one of its pilots on 31 January 2024 to develop trader assurances, on biosecurity and food safety risks, that is equivalent to official controls. The aim is to build on existing systems and data that traders have in place to allow us to hold them to the UK's high biosecurity and food safety standards while offering certain facilitations from official controls. Overall, they will need to have the same, or higher, assurance compared to that provided by the standard official controls.

# 2.5 Impact on Tees PHA

**Low risk surveillance** - current estimates show that around 12,500 consignments are predicted to be low risk and while they are identified as a surveillance check, a documentary check is still required.

**Medium risk products** – current estimates show that around 5,500 consignments are predicted to be medium risk which require a documentary check, and a percentage of physical inspections.

Initially, the service was not expected to require an increase in the number of operational staff, however, this is being closely monitored due to fluctuation in the daily workload and while staff become familiar with the processes.

# 2.6 Funding Update

Defra expects that PHA's will be utilising cost recovery for imports of food and feed from 30 April 2024, and as such, no further funding is available at the present time.

2.7 The Port Health Service is keeping up to date with all stakeholders during this transition and implementation period on the potential impacts, and likely changes that may occur. The Service has been assigned a DEFRA Readiness Officer to assist during the transition period that will lead to the implementation of the BTOM at Tees Port.

#### 3 Who will this benefit and how?

3.1 By keeping up to date with current implementation timetables we will ensure that the Authority is kept fully up to date and prepared for the future development of the Port Health Service.

#### 4 Who have we consulted?

- 4.1 Senior Officers of the Riparian Authorities.
- 5 How will it deliver our priorities and improve our performance?

- 5.1 By keeping up to date with implementation timetables and planned changes we will be fully prepared for any eventuality.
- 6 What are the resource implications (financial, human resources)?
- 6.1 Failure to monitor and plan effectively may result in a financial impact to the Port Health Authority, and subsequently may impact the Riparian Authorities if additional contributions are required.
- 7 What will be the impact on equality and diversity?
- 7.1 There are no equality and diversity issues as part of this report.
- 8 What will be the impact on our carbon footprint?
- 8.1 There is no direct impact on the carbon footprint as a result of this report.
- 9 Are there any legal considerations?
- 9.1 There are no legal considerations at this time.
- 10 What are the risks involved?
- 10.1 Failure to keep up to date with the changing situation may put the service at unnecessary financial risk.
- 11 What options have been considered?
- 11.1 The report is for information purposes.
- 12 Recommendations
- 12.1 For information only.
- 13 Appendices and further information
- 13.1 There are no appendices with this report
- 14 Background papers
- 14.1 The Border Target Operating Model August 2023
  <a href="https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\_data/file/1180789/Final\_Border\_Target\_Operating\_Model\_gov.uk\_version.pdf">https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\_data/file/1180789/Final\_Border\_Target\_Operating\_Model\_gov.uk\_version.pdf</a>

# 1 What is the recommendation?

- 1.1 It is recommended that the River Tees Port Health Authority Service Plan 2024/25 is approved by members.
- What part of the Corporate Plan does this report deliver and how, and what options have been considered?
- 2.1 The service plan ensures that national priorities and standards are addressed and delivered locally. It enables us to follow the principles of good regulation, focuses on key delivery outcomes and issues, and provides information to stakeholders, including businesses and consumers.
- 2.2 Priorities will be established within the service plan and agreed by RTPH Board Members. Compliance with the service plan will be monitored and reported to RTPH Board Members. Any failure to satisfy the service standards will be acted upon and notified to members.
- 3 Who has been consulted and engaged?
- 3.1 Senior Officers of the Riparian Authorities.
- 4 What are the risks and resource implications?
- 4.1 Failure to establish an approved service plan will be considered by the Food Standards Agency as a failure to satisfy the framework standards.
- 5 Appendices and further information
- 5.1 Appendix A River Tees Port Health Authority Service Plan 2024/25
- 6 Background papers
- 6.1 No background papers other than published works were used in writing this report.

#### 1. INTRODUCTION

The River Tees Port Health Authority (RTPHA) Service Plan covers the elements of food hygiene and safety, and imported food and feed for which the authority has statutory enforcement responsibility. The Service Plan also covers objectives relating to non-enforcement activity including the mosquito surveillance programme and jetty water sampling programme.

The Service Plan is an expression of this authority's' commitment to the development of the Port Health Service and is a requirement of the Food Standards Agency as the body that monitors and audits local authorities' activities on food enforcement.

The Food Standards Agency's' (FSA's) Framework Agreement sets out the planning and delivery requirements for feed and food official controls, based on the statutory Codes of Practice. It ensures that national priorities and standards are addressed and delivered locally.

The RTPHA Service Plan has been drawn up in accordance with the guidance in the Framework Agreement and follows the Service Plan template. This is to enable the FSA to assess the Authority's delivery of its service and to allow local authorities to compare service plans written in the common format for any fundamental performance reviews under the local government Best Value agenda. This Service Plan also takes into account the Food Law Code of Practice and Practice Guidance.

The FSA requires the Service Plan to be submitted to members for approval to ensure local transparency and accountability. This is done annually through (RTPHA) Board Member Briefing.

The Authority operates the food hygiene rating scheme where food premises receive a score of between 0 and 5.

RTPHA sits within the Environmental Health (Commercial) Team at Redcar and Cleveland Council and is managed by the Principal Environmental Health Officer. The Environmental Health (Commercial) Team is part of the Health Protection and Health Care Quality Service in the Growth, Enterprise and Environment Directorate.

Port Health Officers are trained to high levels of competency consistent with the competency framework in the Food Law code of practice, including ongoing staff training and support systems in place.

This plan details the delivery of the performance of the port health service during 2024/25, which includes the inspection of ships, enforcement of food, feed and environmental protection laws, and the prevention and control of infectious diseases.

The plan goes on to explain how we intend to deliver the service through 2024/25, including the expected changes to the service following the UK's exit from the EU.

Effective partnerships with stakeholders, including UK Health Security Agency (UKHSA) – Consultant in Health Protection / Port Medical Officer and Food Examiner, the appointed Public Analyst and Agricultural Analyst and the Food Standards Agency (the Agency), are important in the achievement of the aims and objectives of the plan.

# 2. SERVICE AIMS AND OBJECTIVES

#### **Aims**

- To ensure that food and feed entering the UK through Tees Port has been legally imported and complies with relevant food and feed laws.
- To ensure that the port maintains its status as a Border Control Post (BCP).
- That conditions on ships entering Tees Port comply with the International Health Regulations 2005.
- Risks to health from communicable diseases are effectively managed and controlled.
- Ensure that food hygiene and standards legislation is enforced in food premises at the port.
- To ensure that environmental protection legislation is enforced within the port.

# **Objectives**

- To carry out manifest and documentary checks relating to third country food, feed and other relevant products.
- To ensure that all imported products are subject to the required legislative requirements.
- To ensure importers and shipping agents are kept informed of import restrictions, changes in legislation, emergency control measures and new guidance.
- To carry out a risk-based approach to the inspection of ships and respond to all requests for ship sanitation certificates.
- To investigate the incidence of food poisoning and food-borne disease at the port and on ships entering the port.
- To monitor the wholesomeness and sufficiency of water supplies at the port and on-board ships entering the port.
- To carry out appropriate food hygiene and standards interventions at the food premises at the port.
- To operate the national Food Hygiene Rating Scheme for food premises at the port to improve and maintain good hygiene standards.
- To ensure the prescribed processes at the port comply with environmental protection legislation and permits are issued accordingly.

# 4. BACKGROUND

# 4.1. Profile of the Port Health Authority

River Tees Port Health Authority (RTPHA) (the Authority) represents the four riparian authorities of Redcar and Cleveland Borough Council, Stockton-on-Tees Borough Council, Middlesbrough Council and Hartlepool Borough Council. The Authority is managed by Redcar and Cleveland Borough Council.

The River Tees Port Sanitary Authority was first constituted by an Order of the Local Government Board in 1886. The present Authority was established by The River Tees Port Health Authority Order 1982, which defines the port health district over which the joint board has jurisdiction. The Order was further amended in 2016 to reflect changes in legislation.

The Port Health area consists of those parts of the Port of Tees and Hartlepool together with such land and water as is specified in the Order, including:

- a) the part of the Port of Tees and Hartlepool which lies upstream of a line drawn from the most northerly point of the North Gare Breakwater (reference point NZ5442 2843) and the South Gare Buzzer House (reference point NZ5580 2840), including those waters of the River Tees as far as the tide flows up stream to the Tees Barrage (reference point NZ4624 1903);
- b) any wharf, dock, jetty or similar structure on the riverside of, or projecting into, that part of the Port of Tees and Hartlepool and the River Tees; and
- c) any structures and buildings on areas within the gates of any wharf, dock, jetty or similar structure within the districts of the relevant riparian authorities.

# 4.2. Organisational Structure

The relevant riparian authorities must appoint members to the joint board at meetings to be held in May of each year. The members of the joint board must be appointed annually by the relevant riparian authorities from the members of their respective councils as follows:

- a) five members from Redcar and Cleveland Borough Council,
- b) five members from Stockton-on-Tees Borough Council,
- c) five members from Middlesbrough Council, and
- d) two members from Hartlepool Borough Council.

As the managing authority, the structure of Redcar and Cleveland Borough Council showing where the service sits are detailed in Appendix 1.

The Port Health service carries out the following functions:

- Imported Food and Feed Controls,
- Food Hygiene and Food Standards enforcement,
- Food and food premises complaints,
- Ship Sanitation Inspections,
- Environmental permitting, and
- Water Sampling.

The team comprises of the following:

- 0.4 x FTE Principal Environmental Health Officer
- 1 x FTE Trading Standards Officer
- 1 x FTE Environmental Health Officer

- 1 x FTE Official Veterinary Surgeon
- 1 x FTE Port Health Technical Officer
- 1 x FTE Business Support Officer

# 4.3. Public Analysts and Food Examiners

The following Analysts have been appointed by the Authority.

#### **Public and Agricultural Analysts**

Public Analyst Scientific Services i54 Business Park Valiant Way Wolverhampton. WV9 5GB

Nigel Payne - Public Analyst

**Food Examiners** are agreed and approved through a Service Level Agreement with the UKHSA - Food Water and Environmental Laboratory.

# 4.4. Scope of the Feed and Food Service

The Port Health team are responsible for the following services:

- Monitoring imports of food and feed that come through the Port of Tees.
- Carrying out a programme of food hygiene and standards interventions in accordance with the Food Law Code of Practice and Practice Guidance.
- Investigating and resolving complaints about food and food premises.
- Taking informal and formal action, where appropriate including the service of notices, seizure of food, voluntary and emergency closures, and any other action deemed necessary to secure compliance with legislation.
- Identification and assessment of premises requiring approval in respect of specific processes and food products.
- Maintaining database accuracy by ensuring all food premises trading within the authority are registered, and all information is recorded appropriately on the Civica App and Philis databases.
- Receiving FSA Food Alerts, disseminating to all relevant officers and actions taken and recorded where necessary.
- Provide advice and assistance to importers, exporters, and agents on imported food related issues.
- Investigate incidents of food borne disease and take action where necessary, including liaison with the UKHSA and other stakeholders to determine the source and prevent further infection.
- Provide and operate the Food Hygiene Rating Scheme in accordance with the Brand Standard, to process and respond to appeals and re-rating requests, and upload data in a timely manner to ensure data is up to date and accurate.

- Carry out appropriate food sampling in accordance with the annual sampling plan, which will include inspection and investigation-based sampling as well as cross-regional studies and;
- Carry out a programme of feed interventions in accordance with the Feed Law Code of Practice.

#### 4.5. Demands on the Feed and Food Service

The authority has, as of 1<sup>st</sup> April 2024, 5 food premises located within the port on its database that are subject to programmed food hygiene interventions; three are catering establishments, one is a wet sales venue, and the other is ad-hoc catering by Border Force. All of the businesses are rated '5' – Very Good. They are placed in risk bands for frequency of inspection based on risk to the consumer, 3 are in Band D (inspection every 2 years), and two are in Band E (inspection every 3 years. All are in Band C for Food Standards with inspections due every 5 years.

The details of all food businesses and all imports of food and feed are maintained on the Civica and Philis (Port Health Interactive Live Information System) database.

The authority will also respond to any credible information passed to it suggesting any rogue food activities within the Port Area, for example referrals from the Food Fraud Unit. <a href="https://www.food.gov.uk/safety-hygiene/food-crime">https://www.food.gov.uk/safety-hygiene/food-crime</a>.

# 4.6. Regulation Policy

The Port Health Service endorses and adopts the principles laid down in the Enforcement Concordat which recognises that enforcement must be fair, consistent and equitable. The service also has regard to the 'Code for Crown Prosecutors' guidelines. These documents will form the basis of decision-making processes in deciding the most appropriate enforcement action.

The Authority's Enforcement Policy outlines the various enforcement options ranging from advice/education to formal action including the service of notices and prosecution for non-compliance with legislation.

#### 5. SERVICE DELIVERY

# 5.1. Interventions at Food and Feeding establishments

It is the intention of the Port Health team to inspect all premises due for feed or food intervention within 28 days of their inspection due date and monitor all container and bulk food and feed traffic through the Tees during the financial year. Officers determine the frequency of inspection at each premises according to the feed or food code of practice and check all imported food and feed against relevant legislation to determine whether official controls are required.

During food hygiene inspections, any premises that are not broadly compliant, i.e., those achieving Food Hygiene Rating of 0, 1 or 2 will automatically have a revisit to ensure they have carried out the necessary improvements to satisfy the officer that standards have improved since the initial visit. On occasion, more than one officer may attend a revisit.

The team has one full time Environmental Health Officer and one full time Trading Standards Officer who are both authorised to carry out inspections across a range of businesses and imports.

# 5.2. Feed and Food Complaints

The authority will respond to food and feed complaints on the same working day of receipt of the complaint, where practicable. Should initial enquiries warrant a visit to the food or feed premises at the port, officers will visit the same day, or when the business is next open and trading.

No food and feed complaints were received during 2023/2024.

# 5.3. Home Authority Principle and Primary Authority Scheme

The Home Authority principle offers advice and guidance to these businesses at source to maintain their high standards of food hygiene and standards compliance. The Authority does not have any home authority agreements in place, and should a business be interested in this type of agreement, they would be encouraged to apply for the Primary Authority Scheme.

The Primary Authority Scheme allows businesses to form a statutory partnership with a single local authority, which would provide robust and reliable advice for other councils to take into account when carrying out inspections or dealing with non-compliance. The Authority does not have any primary authority agreements in place however it would actively explore such arrangements where suitable businesses are identified.

#### 5.4. Advice to Businesses

The Authority encourages businesses to seek advice whenever they have any questions or queries about their particular business as we believe it resolves any issues at an earlier stage before a situation becomes serious. The service would like to be recognised by food businesses as supportive and helpful. Advice will be in the form of verbal advice over the telephone, advisory visits and email/postal communications, where necessary.

#### 5.5. Feed and Food Sampling

The service participates in food sampling programmes co-ordinated by the UKHSA and the Food Standards Agency (FSA) and the Tees Valley Food Liaison Group, which includes organised sampling initiatives, and targeted sampling, depending on local priorities.

The Authority will carry out further sampling during routine inspections at randomly selected premises, and reactive sampling where required, or when non-compliance has been identified.

The UKHSA Laboratory at York will process all food samples procured for microbiological purposes and provide a low cost courier service for this. All standards samples and imported food and feed samples requiring non-microbiological analysis will be submitted to Public Analyst Scientific Services, however this service does incur a charge for analysis and where specified in legislation, will be recovered from the importer.

# 5.6. Control and Investigation of Outbreaks and Food Related Infectious Disease

The service will respond promptly and as a priority to all notifications of infectious disease, particularly if they are suspected to be food borne. Officers will respond according to initial assessment based on information available at the time. Officers will liaise with UKHSA with regards to submission of stool samples, and liaise with other members of the riparian authority, where required. Should a vessel be implicated in an outbreak, quarantine measures may be required to prevent the spread of disease.

# 5.7. Feed/Food Safety Incidents

All Officers have signed up for the FSA alerts system on Smarter Comms and will receive notifications directly to their email accounts. Alerts for information are read by each officer, alerts for action are logged and any action required, are taken by officers. The FSA has the contact details of the Port Health Authority lead officer should any urgent action need to be taken in the authority's area.

#### 5.8. Liaison with Other Organisations

Arrangements are in place to ensure that the Port Health service keeps up to date with legislation, guidance, and good practice relevant to its duties. This includes.

- Tees Valley Food Liaison Group meetings on matters such as food hygiene and standards inspections, food hygiene and standards sampling, enforcement action, and any other operational matters.
- Tees Valley Health Protection Group Meetings with UKHSA for Health Protection issues such as infectious diseases, food poisoning outbreaks and emerging issues.
- Attending regional meetings to discuss the Food Hygiene Rating Scheme.
- Attending/teleconferencing into Port Health Liaison Meetings;
- Review of planning applications with regards to port premises.

# 5.9. Feed and Food Safety and Standards promotional work, and other non-official controls interventions

The service does not plan to carry out any promotional work in 2024/25.

# 6. RESOURCES

#### 6.1. Financial Allocation

The Authority is funded by the Riparian Authorities as set out in the Order. The table below shows the budget for 2024/25 (approved by RTPHA Board at their meeting in Dec 2023).

| Areas of Swand                      | 24/25 Budget |
|-------------------------------------|--------------|
| Areas of Spend                      | 24/25 Budget |
| Staffing                            |              |
| Salaries - Basic Pay                | 143,350      |
| Salaries - National Insurance       | 14,750       |
| Salaries - Overtime                 | 6,500        |
| Salaries - Superannuation           | 14,600       |
| Other Allowances                    | 2,750        |
| Car Allowances                      | 1,650        |
|                                     | 183,600      |
| Other Costs                         | ·            |
| External Training                   | 500          |
| General Equipment                   | 1,050        |
| Clothing & Uniforms                 | 500          |
| Printing & Stationery               | 100          |
| MFD Recharge (Printing)             | 50           |
| Services – Veterinary Contract Fees | 104,000      |
| Analysts Fees                       | 8,300        |
| External Audit Fees                 | 950          |
| SLA Agreement                       | 96,350       |
| Mobile Phones                       | 750          |
| Computer Software                   | 18,000       |
| Subscriptions                       | 1,250        |
| Insurance                           | 1,150        |
|                                     | 232,950      |
| Expected Income                     |              |
| Products of Animal Origin           | (120,000)    |
| Catch Certification                 | (69,000)     |
| Sanitation Certificates             | (27,850)     |
| High Risk Products Imports          | (500)        |
| Organic Certificates                | (1,100)      |
| RTPHA Permits (annual fee)          | (700)        |
| Plastic Declaration                 | (700)        |
| Water Sampling                      | (8,250)      |
| Tracer campling                     | (228,100)    |

The budget allocated to the Authority covers all areas of statutory and non-statutory work. Relative to the intentions expressed within this service plan the budget is adequate for these purposes.

# 6.2. Staffing Allocation

The following staff are planned to form the Port Health team throughout 2024/25, however this may change throughout the year depending on throughput of imports and exports of Products of Animal Origin.

| Role                                   | FTE |
|----------------------------------------|-----|
| Principal Environmental Health Officer | 0.4 |
| Environmental Health Officer           | 1   |
| Trading Standards Officer              | 1   |
| Official Veterinary Surgeon            | 1   |
| Port Health Technical Officer          | 1   |
| Business Support                       | 1   |

All Officers are authorised to enforce Port Health legislation consistent with their qualifications and competency/experience in accordance with the relevant Code of Practice and competency framework. Selected officers from the riparian authorities have been trained in Port Health activities should they need to be called upon.

# 6.3. Staff Development Plan

All staff have an annual appraisal to assess performance, set targets and to identify any training needs. Officers are required to complete the relevant parts of the Competency Framework as required by the Code of Practice and Quality Management System.

# 7. QUALITY ASSESSMENT

# 7.1. Quality assessment and internal monitoring

Continuous monitoring of the service is carried out to ensure inspection targets are met and random checks and accompanied visits are also carried out with individual officers. The performance of the Port Health Service is reported each quarter to the RTPHA Board meeting.

The standard of service provision is monitored on a regular basis by the PEHO. The type of activities monitored is based on the risk and potential impact of non-compliance with service procedures and standards. Monitoring will also be carried out on the activity and workload of each officer to ensure correct and consistent delivery of individual duties.

# 8. REVIEW

# 8.1. Review against the Service Plan

The commitments to the service plan, and associated performance indicators are monitored monthly by the team and discussed during team meetings. The performance is also reviewed during quarterly meetings with the Riparian Heads of Service and reported to the RTPHA Board.

The attached appendices report the performance of the service during 2023/24.

# 8.2. Identification of any Variation from the Service

The monthly reviews against the service plan will identify any significant variations against the service plan. The PEHO and the Head of Service will then identify any remedial action if required.

# 8.3. Areas of Improvement

The service has always carried out its routine food hygiene and standards inspections, has never refused a request for a renewal of a ship sanitation certificate, and all permitted processes have been audited annually, as required.

# Performance review 2023-2024

# Ship arrivals

A total of 2,928 ships visited the Tees during last year and this is broken down per authority as in the table below. There has been an increase of 29 ships from the previous year.

|                    | 2023 |     |     |     |     |     |     |     |     | 2024 |     |     | Grand |

# Ship inspections

A total of 84 ship sanitation inspections were carried out during 2023/2024. There were 82 exemption certificates issued, and one control certificate (cockroach infestation).

A breakdown of inspection type and authority is listed in the table below.

|                    | 2023<br>Apr | May   | Jun | Jul  | Aug   | Sep | Oct | Nov | Dec | 2024<br>Jan | Feb | Mar   | Grand<br>Total |

# **Imported Food and Food Contact Materials**

Since April 2022, the service concentrated on EU imports and working with importers to get them ready for additional checks that were planned to come into force on 1<sup>st</sup> July 2022 (this was subsequently postponed indefinitely by government).

All of the imported food arrives via containers into the Redcar and Cleveland district and is detailed in the table below.

|             | Apr | May | Jun | Jul | Aug | Sep | Oct | Nov | Dec | Jan | Feb | Mar | Total |
|-------------|-----|-----|-----|-----|-----|-----|-----|-----|-----|-----|-----|-----|-------|

# Imported Feed

A total of 997consignments of animal feed were brought into Teesport in containers during 2023/24.

| Type of Feed | Number of Consignments |
|--------------|------------------------|
| Pet Food     | 975                    |
| Feed Mixture | 6                      |
| Feed – other | 13                     |
| Cereals      | 3                      |
| Grand Total  | 997                    |

Consignments of feed are brought in via containers and bulk ships, with quantities ranging from 15 tonnes in a container to 50,000 tonnes in a bulk vessel. Documentary and physical checks were carried out on all bulk imported feed consignments.

Philis (Port Health Interactive Live Information System) allows the team to report in more detail on feed imports this year which has dramatically increased our imports on previous years.

# Products of animal origin

Throughout 2023/24 products of animal origin from outside the EU were prohibited to enter Tees Port. There were 2 consignments of animal products that landed at Tees both being fish oil from China. Both containers were transhipped back to the EU to come in through an approved BCP.

#### Infectious disease control

The global Covid-19 pandemic continued to decline throughout 2023/24 with all official controls lifted.

There were no incidents of infectious diseases notified during 2023/24

# Potable water analysis and jetty water analysis

Potable water samples are taken both following a request from the ship/agent, or by the officer attending the ship. The jetty locations are split between the authorities as detailed below. All jetty companies were visited, however, not all jetty points were in use or available at the time of sampling.

|                      | Apr |     |     |     |     |     |     |     |     | Jan |     |     |       |
|----------------------|-----|-----|-----|-----|-----|-----|-----|-----|-----|-----|-----|-----|-------|
| Samples              | 23  | May | Jun | Jul | Aug | Sep | Oct | Nov | Dec | 24  | Feb | Mar | Total |
| Ship Bact - Satis    | 3   | 5   | 3   | 12  | 5   | 9   | 3   | 12  | 0   | 7   | 0   | 3   | 62    |

| Satis                | 0   | 0   | 0   | 2   | 2   | 5   | 7   | 1   | 0   | 0   | 0   | 0   | 17    |
| Jetty Supply -       |     |     |     |     |     |     |     |     |     |     |     |     |       |
| Unsatis              | 0   | 0   | 0   | 0   | 0   | 0   | 0   | 0   | 0   | 0   | 0   | 0   | 0     |
|                      | 16  | 14  | 7   | 21  | 12  | 20  | 24  | 23  | 4   | 16  | 4   | 5   | 166   |

If any ship water samples are found to be unsatisfactory we inform the ship or shipping agent without delay and provide advice on cleansing and disinfection of the water tanks and supply to all outlets. The ship is advised to resample after works are carried out.

Should any jetty samples be found to be unsatisfactory, we will provide advice on cleansing and disinfection of pipework, including regular flushing. Additional sampling would be carried out until a satisfactory result is obtained. The particular jetty supply cannot be used to supply potable water to ships until a satisfactory result is obtained.

# Food hygiene and standards inspections

Of the five food premises under the authority's jurisdiction, four had a planned inspection. All registered food businesses are currently rated '5' – Very Good.

#### **Environmental Protection**

All three prescribed processes are on a planned inspection of once every two years. All three inspections were carried out during 2023/2024, as well as ad hoc visits carried out throughout the year to ensure compliance with permit conditions. No complaints were received relating to any of the permitted processes.

# **SERVICE DELIVERY 2024-2025**

# Ship arrivals

Around 3000 ships are expected to pass entrance into Teesport during 2024/2025 including small support vessels, sand dredgers, small cargo ships, LPG tankers, oil tankers, container ship and other specialised vessels.

All ships arriving into the Tees will be reported to the Board on a quarterly basis.

# Ship inspections

Routine ship inspections will be carried out on a risk-based process depending on previous history or intelligence led information. All ships requesting a ship sanitation control/exemption certificate will be visited and an inspection carried out. Requests either come from the shipping agent or from the Captain of the vessel.

# **Imported Food**

The service is keeping up to date with stakeholders on the impacts of the Target Operating Model implemented on 30 April 2024.

Port Health officers will ensure they are fully up to date with any new and emerging risks by reviewing and responding to Food Standards Agency alerts and notifications.

# **Bulk imported Feed**

The authority has an agreement with PD Teesport bulk imports to advise PHA of any bulk consignments of feed from third countries that enter into Tees Dock. Depending on the type of feed and country of origin, documentary, identity and physical checks will be carried out as per legislative requirements. Bulk checks are carried out on potential offloading berths for feed from third countries.

The Philis system can also identify any containers/trailers of feed entering the UK.

#### Imported plastic kitchenware

Plastic kitchenware imports have declined over the years since the introduction of the 2011 legislation, the authority will carry out all documentary, identity and physical checks as per legislative requirements.

# **Organic certification**

Any products requiring organic certification must provide the original organic certificate for authentication and verification.

#### Products of animal origin

Official controls for Products of Animal Origin (POAO) from the EU came into force at 00:01 on 30 April 2024. The service anticipates around 5,500 medium risk and 12,500 low risk consignments will enter the Tees during 2024/25.

# Manifest enquiries

Following the implementation of Philis, any ambiguously manifested items are automatically placed on hold, and require submission of commercial documents prior to release.

# **General enquiries**

We will respond to all enquiries in a timely manner that provides minimal impact on the importer.

#### Infectious disease control

Under the International Health Regulations, the Master of a ship has a duty to notify the Port Health Authority of any infectious disease on board. We will investigate any reports of infectious disease and work with the Port Medical Officer in the UKHSA to prevent the spread of any infectious disease.

# Potable water analysis

Potable water sampling will be undertaken at the request of ships' masters or shipping agents. Ship waters are analysed for microbiological safety, chemical content and presence of legionella. Requests are charged to the vessel, however should an officer highlight any concerns about a ships water supply, routing samples can be taken and these are free of charge through the UKHSA allocations.

# Jetty water analysis

There are 48 jetty and dockside water supply points around the port area that are sampled on at least a yearly basis. These points are sampled free of charge for microbiological quality and are paid for through UKHSA allocations.

# Food safety inspections

There are 5 food premises within the boundaries of River Tees Port Health Authority. None of these are programmed to be inspected for food hygiene during 2024/2025.

If a complaint is received about food consumed on the premises, or the condition of the premises itself, an investigation will be carried out.

Food sampling at port premises may be carried out depending on intelligence, local and regional requirements and surveys.

#### **Food Standards Inspections**

There are no food standards inspections programmed for 2024/2025.

Food standard sampling may also be carried out depending on intelligence, local and regional requirements and surveys.

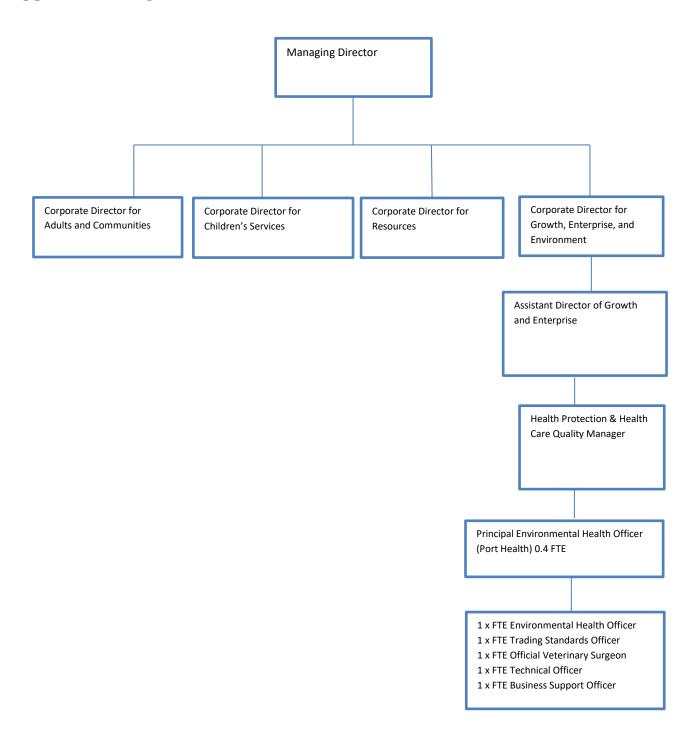

# **Environmental Protection**

There are currently three prescribed processes within our jurisdiction, all of which will be subject to their annual programmed inspection. Any complaints or queries regarding the processes will be investigated by officers.

# **HORIZON SCANNING**

Imports of Products of Animal Origin from the EU and Rest of World is a new service and income stream for the Port Health Authority which came into force on 30 April 2024. The impacts of this on the service will be closely monitored both from a staffing and financial perspective.

# **Appendix 1 - Organisational Structure**

# **River Tees Port Health Authority**

# **Constitution for Approval**

Committee

# **Public**

To: River Tees Port Health Authority Date: 07 June 2024

From: Corporate Director - Growth Enterprise Environment Decision

type:

Portfolio: Health, Housing and Welfare Forward

Plan N/A

Ward(s): ALL

#### 1 What is the recommendation?

- 1.1 It is recommended that the Constitution of River Tees Port Health Authority 2024 is approved by members.
- What part of the Corporate Plan does this report deliver and how, and what options have been considered?
- 2.1 The Authority's Constitution is reviewed annually and when any significant amendments are required to ensure the effective and lawful operation of RTPHA.

The document has been reviewed and Members are informed that there have been updates to staff structure and management responsibilities. All relevant legislation has been checked and updated as required.

- 3 Who has been consulted and engaged?
- 3.1 Senior Officers of the Riparian Authorities have been consulted in the review of the Constitution.
- 4 What are the risks and resource implications?
- 4.1 The Constitution sets out how RTPHA operates. It includes the standards and mechanisms for decision making and ensures that any actions taken by the Authority in fulfilling its duties and responsibilities are lawful, efficient and transparent.
- 5 Appendices and further information
- 5.1 Appendix B River Tees Port Health Authority Constitution for Approval 2024
- 6 Background papers
- 6.1 No background papers other than published works were used in writing this report.

# **Summary and Explanation**

# The Authority's Constitution

The River Tees Port Health Authority ("the Authority") has agreed to adopt a formal Constitution which sets out how the Authority's duties and functions are executed in practice.

# **Operation of the Authority**

The Authority is a joint board comprising of 17 members who are appointed annually by the four riparian authorities specified within the River Tees Port Health Authority Order 2016 - namely Redcar and Cleveland Borough Council, Hartlepool Borough Council, Middlesbrough Council and Stockton-on-Tees Borough Council.

Members of the Authority must also be members of the Council of the riparian authority responsible for appointing them and, by virtue of such membership, those individuals have agreed to abide by a code of conduct to ensure high standards in the way they undertake their duties.

All the appointed members meet together as the Authority. Meetings of the Authority are normally open to the public.

# **Decision Making**

The provisions of section 99 and Parts I and VI of Schedule 12 of the Local Government Act 1972 apply to meetings of the Authority and decisions of the joint board will be made in accordance with those provisions. Routine operational decisions are delegated to the Authority's officers although such decisions are subject to scrutiny where appropriate.

# Staff of the Authority

The Authority is managed by Redcar and Cleveland Borough Council and is part of the Council's management structure. The officers working for the Authority are subject to all the terms and conditions of the Council.

The Growth, Enterprise and Environment of Redcar and Cleveland Borough Council is responsible for the management and delivery of port health service. The Authority is part of the Environmental Health (Commercial) Team, in the Health Protection and Healthcare Quality Service, Communities and Health within Growth, Enterprise and Environment.

Details of the officers of the Authority, their responsibilities and the management structure are included within this document.

## **ARTICLE 1 - CONSTITUTION**

#### Joint board

1.1 The Authority is a joint board consisting of 17 members appointed by the four riparian authorities as specified in the River Tees Port Health Authority Order 2016 - that is to say Redcar and Cleveland Borough Council, Middlesbrough Council, Stockton-on-Tees Borough Council and Hartlepool Borough Council (hereinafter referred to as "the riparian authorities").

# **Appointment of Members**

1.2 Members will be appointed to the joint board by each of the riparian authorities (from members of its council) in the numbers specified below:

Redcar and Cleveland Borough Council: 5 members
Middlesbrough Borough Council: 5 members
Stockton-on-Tees Borough Council: 5 members
Hartlepool Borough Council: 2 members

The riparian authorities shall appoint members to the joint board at meetings to be held in June of each year.

- 1.3 Any vacancies occurring amongst members of the joint board shall be filled by the specified riparian authority in the representation of which the vacancy occurred at a meeting to be held as soon as possible after such occurrence.
- 1.4 The proper officer of each riparian authority shall forthwith notify in writing to the proper officer of the Authority the name, address and occupation of any person appointed by his/her own authority to be a member of the Authority.
- 1.5 A person appointed to be a member of the joint board shall cease to be such a member in the event that he/she ceases to be a member of the Council of the riparian authority by which he was appointed.

#### **Retirement of Members**

- 1.6 All members of the Authority shall retire from office, and the newly appointed members shall come into office following the first meeting in June of each year.
- 1.7 A retiring member of the joint board may be re-appointed for a further term of office if at the time of their re-appointment they are otherwise qualified to be so appointed.

#### Chair and Vice-Chair

- 1.8 The Chair and Vice-Chair of the joint board shall be elected annually by the members of the joint board from amongst the members.
- 1.9 The Chair and Vice-Chair elected each year shall be drawn from two different riparian authorities which shall be selected on a rotational basis in the following order:

Redcar and Cleveland Borough Council Hartlepool Borough Council Middlesbrough Borough Council Stockton-on-Tees Borough Council.

- 1.10 The election of the Chair and Vice-Chair of the joint board shall be the first business transacted at the annual meeting of the joint board.
- 1.11 In the case of equality of votes, the person presiding at the annual meeting shall give a casting vote in addition to any other vote they may have.
- 1.12 The Chair shall, unless they resign or become disqualified, continue in office until their successor becomes entitled to act as Chair.
- 1.13 During their term of office, the Chair shall continue to be a member of the joint board.
- 1.14 The Chair and Vice Chair are entitled to be paid an allowance. The current rates for these allowances are as follows:

Chair: £1,416 Vice Chair: £1,339

- 1.16 The allowances will be paid by the relevant Councils of which of which the Chair and Vice Chair are currently elected members and reimbursed to those relevant Councils by the Authority.
- 1.17 The allowances may be subject to such periodic review as deemed appropriate by the Joint Board. The allowances have been paid at these rates since circa 2008/09 and all such payments are hereby authorised and ratified.

#### Voting

1.18 Voting rights in relation to the joint board shall be applicable only to the individual members specifically appointed to the joint board by the riparian authorities. Such rights shall not apply to individuals attending meetings of the joint board as substitute members who shall be permitted to take part in discussions but who shall not be permitted to cast any vote.

# **Expenses**

1.19 Any expense incurred by the Authority in pursuance of its powers and duties shall be apportioned in the following percentages:

Redcar and Cleveland Borough Council: 52% Stockton-on-Tees Borough Council: 31% Middlesbrough Borough Council: 15%

Hartlepool Borough Council: 2%

# ARTICLE 2 - FUNCTIONS OF THE AUTHORITY AND SCHEME OF DELEGATION

# **Functions of the Authority**

- 2.1 By virtue of the River Tees Port Health Authority Order 2016, the Authority has a number of functions, rights and liabilities of a local authority assigned to it under various enactments. The Order is included within this Constitution at Annex A. Where an amendment or replacement to legislation included in the Order has taken place, the Scheme of Delegation will reflect the current legal position.
- 2.2 The Authority may delegate various functions to its officers in order that those functions are executed in the most practical and efficient manner possible.
- 2.3 Where functions are delegated the following rules will apply:
  - (i) The officer to whom a delegated power is given may, (subject to any legal requirement to the contrary), delegate further.
  - (ii) Where any function is delegated to an officer, the joint board (i.e. the Authority) may direct that in any particular case that the delegation is not to apply, and may determine the matter itself.
  - (iii) An officer to whom any function is delegated is not obliged to exercise that obligation and may report to the Authority on any delegated matter.
- 2.4 The exercise of delegated powers under the constitution shall be recorded in writing and reported as soon as is practicable to the Authority.

## Scheme of Delegation to Officers

2.5 This Scheme sets out the powers that have been delegated to officers. The details of the Scheme are set out in Annex B. Additions and amendments to the Scheme are deemed not to be amendments to the constitution.

## ARTICLE 3 – AUTHORITY STRUCTURE

- 3.1 The Authority is managed by Redcar and Cleveland Borough Council and is subject to all policies and procedures of the Council. The Authority operates as part of the Councils Environmental Health (Commercial) Team under the supervision of the Principal Environmental Health Officer (Commercial).
- The Environmental Health (Commercial) Team and RTPHA are part of the Health Protection and Healthcare Quality Service, which is within the Growth, Enterprise and Environment Directorate. There are three port health officers who carry out the day-to-day responsibilities of the Authority, supported by other officers of the Environmental Health (Commercial) Team.
- 3.3 There are four officers, who report directly to the joint board:
  - a) The Corporate Director of Growth, Enterprise and Environment, Redcar and Cleveland Borough Council.
  - b) The Clerk, Assistant Director Governance and Monitoring Officer, Corporate Resources, Redcar and Cleveland Borough Council.
  - c) The Treasurer, Head of Corporate Financial Services, Corporate Resources, Redcar and Cleveland Borough Council.
  - d) The Port Medical Officer, Consultant in Health Protection, UK Health Security Agency.
- 3.4 The Health Protection and Healthcare Quality Service Manager has managerial responsibility for other officers authorised to act on behalf of the Authority. Officers from other riparian authorities who may be seconded to the Authority or who from time to time may have to assist Redcar and Cleveland Borough Council shall work under the direction of the Principal Environmental Health Officer and shall devote the whole of their time, attention, and skills to their duties for the receiving authority.
- 3.4 The officer(s) shall faithfully and diligently perform duties and exercise such powers as may from time to time be reasonably assigned to or vested in them by the Principal Environmental Health Officer or the Health Protection and Healthcare Quality Service Manager or under the direction and authority of the Authority. The officer(s) shall obey all reasonable and lawful directions given to them by or under such authority and shall use their best endeavours to promote the interests of the Authority. For the avoidance of doubt, the officer(s) will be subject to day-to-day line management from the receiving authority but with overall management responsibility falling to the seconding/assisting riparian authority under the contract of employment. The conditions of service of the seconding/assisting authority shall continue to apply to the officer(s) at all times.

# ARTICLE 5 – AUTHORISATION OF OFFICERS OF THE AUTHORITY

- 5.1 For authorisation and competency of officers please refer to Quality System Procedure: QSP/EHC/06 Authorisation of officers.
- 5.2 The Principal Environmental Health Officer will confirm that each of the riparian authorities has a similar quality system that ensures that only qualified and competent officers are authorised to act on their behalf.
- 5.3 The Principal Environmental Health Officer will record the qualifications and any applicable registration number of any officer authorised to act on behalf of the Authority.

# ARTICLE 6 – PROCEDURE FOR SERVICE/AUTHORISATION OF LEGAL DOCUMENTS AND PROCEEDINGS

- 6.1 The Authority is empowered by various enactments to serve legal documents and to institute legal proceedings.
- Where the Authority intends to exercise a power of this nature, the procedure detailed below shall be complied with. In addition, the Authority will use best endeavours to comply with the principles contained in the Regulators' Code (<a href="https://www.gov.uk/government/publications/regulators-code">https://www.gov.uk/government/publications/regulators-code</a>) and with any relevant code of recommended practice and/or official guidance which might exist at the time the power is exercised.

## **Procedure for Authorisation of Legal Proceedings/Documents**

#### Introduction

6.3 The Health Protection and Healthcare Quality Service Manager, the Principal Environmental Health Officer, Environmental Health Officers, Trading Standards Officers issue a number of legal documents including and relating to; Statutory Notices, Permits, Simple Cautions and Prosecutions. This documentation will be signed in the name of the individually authorised officer.

## **Specific Examples**

- 6.4 **Notices** The decision to serve a legal notice rests with the individual officers and they will prepare and sign all the relevant paperwork.
- 6.5 **Simple Cautions** The decision to offer a simple caution will be made in accordance with the Scheme of Delegation and with approval from the Clerk to the Authority and the Corporate Director of Growth, Enterprise and Environment, RCBC. A simple caution will be subject to sufficient evidence to warrant a prosecution.
- 6.6 **Prosecutions** The decision to prosecute will be made in accordance with the Scheme of Delegation and the officer will prepare the evidence for the prosecution for approval by the Clerk to the Authority.

#### Other Issues

6.7 Where appropriate, reference will be made to all relevant Statutory Codes of Practice and guidance, including the Regulators' Code and the Authority's Enforcement Policy before legal action is taken. The Enforcement Policy will be followed when any form of legal action is considered.

- 6.8 The Health Protection and Healthcare Quality Service Manager and the Corporate Director of Growth, Enterprise and Environment are authorised to instigate prosecutions and administer simple cautions by virtue of the Scheme of Delegation contained herein.
- 6.9 All decisions made relating to prosecutions and simple cautions will be advised to the Chair and Vice-Chair of the Authority, together with details of the costs of such action.

# **ANNEX A – Scheme of Delegation to Officers**

# ANNEX C - RIVER TEES PORT HEALTH AUTHORITY ORDER 2016

# **River Tees Port Health Authority**

# **Enforcement Policy 2024**

# **Public**

To: River Tees Port Health Authority Date: 07 June 2024

From: Corporate Director - Growth Enterprise Environment Decision Committee

type:

Portfolio: Health, Housing and Welfare Forward

Plan N/A

Priority: All priorities reference:

Ward(s): ALL

## 1 What is the recommendation?

- 1.1 It is recommended that the River Tees Port Health Authority Enforcement Policy 2024 be approved by members.
- What part of the Corporate Plan does this report deliver and how, and what options have been considered?
- 2.1 The Authority's Enforcement Policy is reviewed annually and when any significant amendments are required to ensure the effective and lawful operation of River Tees Port Health Authority (RTPHA).

Members are informed that there have only been minor amendments to the policy.

- 3 Who has been consulted and engaged?
- 3.1 Senior Officers of the Riparian Authorities.
- 4 What are the risks and resource implications?
- 4.1 Failure to abide by the principles of good enforcement set out in the Regulators' Code (April 2014) which is issued under the Legislative and Regulatory Reform Act 2006, the Code for Crown Prosecutors and the Regulatory Enforcement and Sanctions Act 2008, may prejudice any enforcement action considered or taken by RTPHA.
- 4.2 Failure to gain member approval will lead to the absence of an Enforcement Policy for RTPHA and therefore the absence of a framework upon which to base enforcement decisions.
- 5 Appendices and further information
- 5.1 Appendix C River Tees Port Health Authority Enforcement Policy 2024

#### RTPHA ENFORCEMENT POLICY 2024

## Introduction

The Enforcement Policy applies to all the functions of River Tees Port Health Authority (RTPHA) and details the Authority's approach to enforcement in accordance with relevant legislation, statutory codes of practice and other guidance.

RTPHA is constituted by the River Tees Port Health Authority Order 2016 and a joint board of seventeen members from the riparian authorities oversees its functions. These governance arrangements are detailed in the Order and the Authority's constitution.

The functions and responsibilities of RTPHA include the inspection of ships, enforcement of food, feed and environmental protection laws, and the prevention and control of infectious diseases.

Redcar and Cleveland Borough Council (RCBC), manages the port health service on behalf of the other riparian authorities of Stockton-On-Tees Borough Council, Middlesbrough Borough Council and Hartlepool Borough Council.

The port health service operates within the Environmental Health (Commercial) Team of RCBC which is managed by the Principal Environmental Health Officer (Commercial).

The policy has been prepared in accordance with relevant legislation and guidance and in particular the Regulators' Code. The Enforcement Policy has received approval from the joint board of RTPHA and will be reviewed annually.

## RTPHA ENFORCEMENT POLICY 2024

# 1. Enforcement

- 1.1. Enforcement is defined as including any advice, inspection, action, instruction or warning, caution, prosecution (or other types of court action, for examples a warrant) taken in relation to a person or organisation who is or is believed to be acting unlawfully.
- 1.2. RTPHA will take a graduated approach to enforcement of legislation. All person(s) and companies will be encouraged to understand the nature and extent of their responsibilities and comply voluntarily. The Authority will pursue prosecution where circumstances indicate a significant risk or crime or where formal action is otherwise in the public interest.
- 1.3. In considering whether to initiate enforcement action RTPHA will take account of the following:

Code for Crown Prosecutors.

Regulators' Code.

Police and Criminal Evidence Act 1984 (and associated Code of Practice).

Criminal Procedure and Investigations Act 1996 (CPIA).

Regulation of Investigatory Powers Act 2000 (RIPA).

Regulatory Enforcement and Sanctions Act 2008.

Legislative and Regulatory Reform Act 2006.

Powers of Entry Code of Practice.

Other service specific codes or guidance.

# 2. Principles of Enforcement

- 2.1. RTPHA will ensure that its approach to regulation is underpinned by the principles of enforcement as follows:
- 2.2. Proportionality in the application of the law and in securing compliance. The Authority will ensure that any action it takes to achieve compliance or bring individuals/companies to account for non–compliance will be proportionate to risks and/or to the seriousness of the breach.
- 2.3. Consistency of approach and application. The Authority will carry out its activities in a fair, equitable and consistent manner. In each case officers will consider a number of variables including:
  - the degree of risk.
  - the attitude and competence of management/business operator/duty holder.
  - the previous history of the business operator/duty holder.
  - the seriousness of the breach.
- 2.4. The Authority will ensure that it has procedures in place to promote and ensure consistency between officers, other authorities and enforcement bodies.
- 2.5. Transparency regarding the operation of the port health service and that those whose activities are regulated by the Authority know what may expect from the Authority.

- RTPHA will assist and advise duty holders to understand and fulfil their responsibilities and will provide information on the Authority's role as a regulator.
- 2.6. Individuals or businesses have a right to query or appeal against enforcement action where there are statutory appeal mechanisms. Details of the mechanisms for query or appeal will be provided where appropriate.
- 2.7. Targeting of enforcement action. The Authority will direct its regulatory effort primarily towards those whose activities give rise to the most serious risk or where the risks are less well controlled. Action will be focused on those directly responsible for any breach and who are best placed to control it.

### 3. Authorisation of Officers

- 3.1. The Authority has a system for delegating authorisation to individual officers. This delegation is contained in the Authority's constitution which is available upon request or online at <a href="http://www.teesporthealth.co.uk/">http://www.teesporthealth.co.uk/</a>.
- 3.2. Only officers who are competent by, qualification training and/or experience will be authorised to take enforcement action.

### 4. Offences and Penalties

4.1. The courts will impose appropriate sentence/s upon conviction in accordance with provisions detailed in legislation and sentencing guidelines. The alleged offences and potential penalties will be made clear to prospective defendants throughout the investigation.

### 5. Primary Authority Scheme

- 5.1. The Authority is committed to the Primary Authority scheme. The Primary Authority scheme gives companies the right to form a statutory partnership with a single local authority, which then provides robust and reliable advice for other authorities to take into account when carrying out inspections or dealing with non-compliance.
- 5.2. When considering enforcement action officers will notify and agree any legal action with the Primary Authority associated with a business (if such a partnership exists) before taking action unless enforcement action is required to deal with an imminent risk. More information on the Primary Authority scheme is available from: <a href="Primary Authority Register">Primary Authority Register</a> (beis.gov.uk)

### 6. Investigation with other Agencies

6.1. Where an enforcement role is shared with another agency, RTPHA will undertake joint enforcement activity in order to minimise any unnecessary duplication and delay. Joint

working may be undertaken with agencies including local or port health authorities, the Police, HM Revenue and Customs, Border Force or any other relevant agency as appropriate.

### 7. Equality and Diversity

- 7.1. RTPHA will ensure that decisions are not influenced by the gender, disability, religion or political belief, language, ethnicity or sexual preferences of offenders, victims or witnesses. The Authority will provide translators for interviews where the interviewee's first language is not English and consider the provision of correspondence in other languages. Officers will also carry out visits outside of normal office hours when the business concerned operates at those times.
- 7.2. When dealing with juveniles or people who are vulnerable due to learning difficulties, mental illness or any other factor, due regard will be taken.

### 8. Consultation and Review

8.1. RTPHA will consult and inform its stakeholders of any changes to legislation and the implications of those changes. The Authority will provide the mechanisms for those whose activities are regulated by the Authority to comment on the service they have received and/or the actions taken by the Authority. The Authority will act upon any comments or complaints about the service or the conduct of its officers in an appropriate manner and in accordance with the policies of RTPHA and/or Redcar and Cleveland Borough Council.

### 9. Powers of Entry

9.1. When exercising their statutory powers officers will have regard to the following:

Police and Criminal Evidence Act 1984 (and associated Code of Practice). Regulation of Investigatory Powers Act 2000 (RIPA).

Powers of Entry Code of Practice.

Food Law Code of Practice.

Feed Law Code of Practice

### 10. Primary Legislation

Agriculture Act 1970
Public Health (Control of Disease) Act 1984
Food Safety Act 1990
Environmental Protection Act 1990
International Health Regulations 2005

# 11. Enforcement Options

| Imported food, feed and relevant products | Qualifying Criteria for Option (please note the use of each option will only be considered when one or more of the criteria apply)                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|-------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| No Action                                 | Enforcement action will not be considered where there is no risk to public health from imported food, feed or food contact materials.                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| Document<br>Check                         | Document checks will be carried out in accordance with the requirements of legislation relevant to the products being introduced through Tees Port.                                                                                                                                                                                                                                                                                                                                                                                                                             |
| Identity Check                            | Identity checks will be carried out in accordance with the requirements of legislation relevant to the products being introduced through Tees Port. Particular attention shall be given where officers suspect non-compliance is likely. A risk-based approach shall be taken.                                                                                                                                                                                                                                                                                                  |
| Physical Check                            | Physical checks will be carried out in accordance with the requirements of legislation relevant to the products being introduced through Tees Port. Particular attention shall be given where officers suspect non-compliance is likely. A risk-based approach shall be taken.                                                                                                                                                                                                                                                                                                  |
| Deferred examination                      | The decision to defer examination will only be made in exceptional circumstances and where RTPHA considers there is a valid reason for deferral.                                                                                                                                                                                                                                                                                                                                                                                                                                |
| Detention /<br>Notices                    | Food and feed that fails to comply with food/feed safety requirements shall be detained pending the outcome of a consultation with the agent/importer. Agreements will then be made on outcome of the consignment, such as special treatment, destruction, re-dispatching to the country of origin, or use for other purposes. Notices shall be served in accordance with the relevant legislation relating to the food or feed imported through Tees Port.                                                                                                                     |
| Simple caution                            | Simple Cautions will be used under the following circumstances:  To deal quickly and simply with less serious offences.  To divert offenders where appropriate from appearing in criminal courts.  To reduce the likelihood of re-offending.  Simply cautions are issued in accordance with government guidance.                                                                                                                                                                                                                                                                |
| Prosecution                               | <ul> <li>Prosecutions will be taken under the following circumstances:</li> <li>The offence is serious.</li> <li>There is a poor history of compliance.</li> <li>There has been a failure to comply with a statutory notice or there has been a repetition of a breach that was subject to a simple caution.</li> <li>False information has been supplied wilfully, or there has been an intent to deceive, in relation to a matter which gives rise to significant risk.</li> <li>Officers have been intentionally obstructed in the lawful course of their duties.</li> </ul> |

| Public Health<br>Controls                 | Qualifying Criteria for Option (please note the use of each option will only be considered when one or more of the criteria apply)                                                                                                                                                                                                                                                                                                                                  |
|-------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| No Action                                 | Public health enforcement options shall not be considered where there is no risk to public health.                                                                                                                                                                                                                                                                                                                                                                  |
| Inspection                                | Ships not requiring a ship sanitation certificate shall be subject to risk-based inspection and enforcement action taken in accordance with the Food Law Code of Practice, the general enforcement policy, and the International Health Regulations. The service of statutory notices shall be in accordance with the food safety and food standards enforcement policy and in consultation with the Maritime and Coast Guard Agency and the Food Standards Agency. |
| Ship Sanitation Exemption Certificate     | Such certificates shall be issued where conditions on a vessel are compliant with international health regulations.                                                                                                                                                                                                                                                                                                                                                 |
| Ship Sanitation<br>Control<br>Certificate | Such certificates shall be issued where conditions on a vessel are non-compliant with international health regulation.                                                                                                                                                                                                                                                                                                                                              |
| Referral to MCA                           | Where a serious risk to health is observed, the Maritime and Coast Guard Agency have powers to detain a vessel, and this power can be delegated to Inspectors following a consultation with one of their officers.                                                                                                                                                                                                                                                  |

|------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Emergency<br>Prohibition<br>Notice                                                       | <ul> <li>There is an imminent risk of injury to health.</li> <li>Informal voluntary closure is considered inappropriate due to the nature or severity of the health risk conditions.</li> <li>Immediate action is required to protect public health.</li> <li>The service of an Emergency Prohibition Notice will be followed by an application to the Magistrates court for an Emergency Prohibition Order.</li> </ul>                                                                                                     |
| Remedial<br>Action/Detention<br>Notices – only<br>applicable to<br>approved<br>premises. | Remedial Action/Detention Notices will be considered if:  There is a breach of the Hygiene Regulations.  An inspection under the Hygiene Regulations has been hampered.  There are indications or suspicions that food at an establishment is unsafe and requires examination.  Immediate action is required to ensure food safety.  Continuing offences require urgent action and corrective actions have been ignored.                                                                                                    |
| Simple Caution                                                                           | Simple Cautions will be used under the following circumstances:  To deal quickly and simply with less serious offences.  To divert offenders where appropriate from appearing in criminal courts; and  To reduce the likelihood of re-offending.  Simply cautions are issued in accordance with relevant government guidance                                                                                                                                                                                                |
| Prosecution                                                                              | Prosecutions will be taken under the following circumstances:  • The offence is serious.  • There is a poor history of compliance.  There has been a failure to comply with a statutory notice or there has been a repetition of a breach that was subject to a simple caution.  • False information has been supplied wilfully, or there has been an intent to deceive, in relation to a matter which gives rise to significant risk.  • Officers have been intentionally obstructed in the lawful course of their duties. |

### 12. Seizure and Detention of Food

- 12.1. Officers may detain any food they suspect fails to comply with food safety requirements or food that they suspect has not been produced or distributed in accordance with hygiene laws.
- 12.2. The seizure and detention of food will be carried out in accordance with the administrative provisions of Section 9 of the Food Safety Act 1990.
- 12.3. Officers may certify any food that has not been produced, processed or distributed in accordance with the Hygiene Regulations, by use of Regulation 29 of the Food Safety and Hygiene (England) Regulations 2013, and then seize the food by the use of Section 9 of the Food Safety Act 1990.

### 1 What is the recommendation?

- 1.1 It is recommended that the Risk Management Strategy and Corporate Risk and Opportunity Register for River Tees Port Health Authority is approved.
- What part of the Corporate Plan does this report deliver and how, and what options have been considered?
- 2.1 The Authority must have a risk management strategy and risk register to ensure that risk is managed effectively.
- 2.2 The risk management strategy and risk register are brought to the Board annually, the only change being a new Treasurer for the Port Health Authority.
- 3 Who has been consulted and engaged?
- 3.1 Deputy Treasurer to RTPHA.
  Officers and representatives of the Riparian Authorities.
- 4 What are the risks and resource implications?
- 4.1 Failure to gain member approval will lead to the absence of a Corporate Risk and Opportunity Register for RTPHA, therefore the Authority will not comply with the relevant provisions of the above regulations and will not be in a position to control and minimise risk.
- 5 Appendices and further information
- 5.1 Appendix D Risk Management Strategy 2024/25
- 5.2 Appendix E RTPHA Corporate Risk and Opportunity Register V19 June 2024
- 6 Background papers
- 6.1 No background papers other than published works were used in writing this report.

# River Tees Port Health Authority

Risk Management Strategy

2024 - 2025

For approval June 2024

### **Risk Management Strategy**

### 1. Policy Statement

- 1.1. River Tees Port Health Authority is a small organisation that provides a range of services to both businesses and residents across the Tees Valley. Risk management is a critical element of Corporate Governance and risks must be reduced to an acceptable level, or where possible, eliminated. The Authority is committed to maintaining a systematic and cost effective approach to the identification and management of risk which complies with best practice, statutory and audit requirements, and the creation of an environment that does not give rise to any surprises.
- 1.2. By managing any threats effectively, the Authority will be in a stronger position to deliver its business objectives. The Authority will proactively identify, understand and manage risks inherent in its service so as to encourage responsible and informed risk taking.

### 2. Risk Management Strategy

- 2.1. The Authority's Risk Management Strategy will be regularly reviewed to ensure it reflects best practice and promotes continuous improvement in the management of risk. It provides a framework to support members of the joint board and officers in their work to address risk and so enables the Authority to discharge fully its responsibilities in this area.
- 2.2. The strategy identifies the objectives and benefits of managing risk, outlines responsibilities for risk management, and provides an overview of the process to manage risk successfully. Effective risk management is the systematic identification and treatment of risk, to reduce the possibility of failure and increase the likelihood of success. It is a continuous process that runs through the Authority's business and is critical to effective decision making and performance management.

### 3. Aims, Objectives and Benefits

### Aims

3.1. The aim of the strategy is to improve the Authority's ability to manage threats to its service.

### **Objectives**

- 3.2. Ensure all risks are managed in accordance with best practice and comply with all statutory and audit requirements.
- 3.3. Ensure risk management is embedded in our culture making it integral to the service.
- 3.4. To communicate the Authority's approach to risk management to all employees, members of the joint board, partners and stakeholders.

### **Benefits**

- 3.5. Reduction in failure, loss, damage, and injury caused by risk.
- 3.6. Improve service planning, delivery and performance, and resilience.
- 3.7. Improve financial performance.
- 3.8. Protecting against fraud and poor stewardship of public money.
- 3.9. Compliance with statutory and regulatory requirements.

### 4. Risk Management Process

4.1. Risk assessment is a central component of risk management that is used to identify, analyse and control risk and is an examination of what could affect the Authority's service provision. The objective is to ensure relevant control measures are in place to mitigate potential risks that may occur. The risk register will be reviewed and monitored on a quarterly basis and reported on at least an annual basis to the board.

### 5. Roles and Responsibilities

5.1. Risk Management is a part of everyone's role within the Authority in their day-to-day work which involves all Elected Members, management and officers who have both a collective and individual responsibility in the management of risk.

Table of Roles and Responsibilities

| Person or group       | Role and Responsibility                                                                                        |  |  |  |  |  |  |  |
|-----------------------|----------------------------------------------------------------------------------------------------------------|--|--|--|--|--|--|--|
| Joint Board           | Approves the Authority's Risk Management Strategy and monitors the risk register on a quarterly basis.         |  |  |  |  |  |  |  |
| Director              | Acts as senior operational manager to ensure that the Authority manages risk effectively at a strategic level. |  |  |  |  |  |  |  |
| Service Manager/      | Ensures risks are managed effectively in the Authority.                                                        |  |  |  |  |  |  |  |
| Principal Officer     |                                                                                                                |  |  |  |  |  |  |  |
| Port Health Officers  | Manage risk effectively in their job.                                                                          |  |  |  |  |  |  |  |
|                       | Report hazards to the Principal Officer.                                                                       |  |  |  |  |  |  |  |
| Treasurer             | Acts to ensure that the Authority has effective financial                                                      |  |  |  |  |  |  |  |
|                       | management.                                                                                                    |  |  |  |  |  |  |  |
| Internal and External | Review of the effectiveness of the Authority's                                                                 |  |  |  |  |  |  |  |
| Audit                 | arrangements for financial management.                                                                         |  |  |  |  |  |  |  |

### 6. Skills and Expertise

6.1. The Authority will ensure it has the skills and expertise necessary to manage risk by awareness and training sessions delivered to all members and officers.

### 7. Service Planning

- 7.1. RTPHA Service Plan details the delivery of the port health service, which includes the inspection of ships, enforcement of food, feed and environmental protection laws, and the prevention and control of infectious diseases.
- 7.2. The plan has been prepared in accordance with the Food Standards Agency Framework Agreement on Local Authority Food Law Enforcement and takes account the Agency's guidance on Imported Food and Feed Control. The Service Plan receives approval from the joint board of RTPHA and is reviewed annually.
- 7.3. RTPHA Service Plan may produce recommendations that will affect the future of the Authority and the delivery of the service. It is essential that risks are properly assessed to deliver the intended benefit to the service user.

### 8. Continuous Improvement

8.1. RTPHA is committed to continually improving the service it provides by acting on feedback and removing obstacles to efficiency effectiveness. There may be times when things do not go to plan and it is important that the Authority learns from any incidents and shares and communicates this knowledge.

### 9. Conclusions

- 9.1. Risk Management is critical to the effective overall management of the Authority; it is essential to good management practice and for successful forward planning. It makes an important contribution to improving performance as being 'risk aware' creates a working environment that supports the achievement of objectives with a greater degree of confidence.
- 9.2. Risk Management can offer cost savings, and reduce service disruption, as well as minimising exposure to negative publicity and costly litigation.

# **River Tees Port Health Authority**

# Memorandum of Understanding

# **Public**

To: River Tees Port Health Authority Date: 07 June 2024

From: Corporate Director - Growth Enterprise Environment Decision Committee

type:

Portfolio: Health, Housing and Welfare Forward

Plan N/A

**Priority:** All priorities reference:

Ward(s): ALL

### 1 What is the recommendation?

1.1 It is recommended that the River Tees Port Health Authority Memorandum of Understanding is noted and approved by members.

- What part of the Corporate Plan does this report deliver and how, and what options have been considered?
- 2.1 The Memorandum of Understanding sets out the understanding of River Tees Port Health Authority (RTPHA) under the management of Redcar and Cleveland Borough Council (RCBC), and the riparian authorities, Stockton-on-Tees Borough Council, Middlesbrough Council and Hartlepool Borough Council, of the principles that will underlie the relations between them.

The document has been reviewed and no amendments have been made.

- 3 Who has been consulted and engaged?
- 3.1 Senior Officers of the Riparian Authorities have been consulted in the review of the Constitution.
- 4 What are the risks and resource implications?
- 4.1 The Memorandum of Understanding sets out the relationship between RTPHA and the riparian authorities that fund the service. It includes the standards and mechanisms for decision making and ensures that any actions taken by the Authority in fulfilling its duties and responsibilities are lawful, efficient and transparent.
- 5 Appendices and further information
- 5.1 Appendix F River Tees Port Health Authority Memorandum of Understanding for Approval June 2024

Position: Principal Environmental Health Officer

Address: River Tees Port Health Authority, Belmont House, Rectory

Lane, Guisborough, TS14 7FD

Telephone: (01287) 612404

Email: <u>susan.ziolkowski@redcar-cleveland.gov.uk</u>

# **Memorandum of Understanding**

Between River Tees Port Health Authority and the Riparian Authorities 2024/25

For approval June 2024

### 1. Introduction

- 1.1. This Memorandum sets out the understanding of River Tees Port Health Authority (RTPHA) under the management of Redcar and Cleveland Borough Council (RCBC), and the riparian authorities, Stockton-on-Tees Borough Council, Middlesbrough Council and Hartlepool Borough Council, of the principles that will underlie the relations between them.
- 1.2. This Memorandum is a statement of intent and should not be interpreted as a binding agreement. It does not create legal obligations between the parties but will allow the parties to make representations to each other on the arrangements for the delivery of the services provided by RTPHA, and on behalf of the riparian authorities.
- 1.3. RTPHA will communicate to the riparian authorities any matters that may have significant concern for any or all of the riparian authorities. This includes the import of food, feed and relevant products through Tees Port, the state of public health including risks from infectious diseases introduced through Tees Port and any significant risks identified through the inspection of any ship within Tees Port.

### 2. Relationships and Responsibilities

- 2.1. The services of RTPHA are managed by RCBC this being an administrative arrangement by virtue of sections 101, 102, 103, 112 and 113 of the Local Government Act 1972, and sections 19 and 20 of the Local Government Act 2000 and the regulations made under these Acts; together with the general power within section 2 of the Local Government Act 2000 and the supporting provisions within section 111 Local Government Act 1972.
- 2.2. RCBC is responsible for the delivery of port health services within Tees Port. This includes the inspection of ships entering the port, the issue of ship sanitation certificates, import controls for food, feed and relevant products, infectious disease controls and the inspection of food premises and prescribed processes within the port.
- 2.3. RTPHA will establish and maintain written procedures for the effective delivery of port health services. This includes the proper authorisation of officers of RTPHA and of the Port Medical Officer, the inspection of ships and relevant premises within the port, the enforcement of official controls including the inspection, sampling, seizure and detention of food, feed and relevant products entering the port, and the investigation of infectious disease on board ships and within the port.
- 2.4. An annual service plan will be provided in accordance with the Food Standards Agency Framework Agreement on Food and Feed Law Enforcement and will be presented to the joint board for approval.
- 2.5. RTPHA will maintain liaison arrangements with the Food Standards Agency, Health Security Agency, the Environment Agency, UK Border Agency, Cleveland Emergency Planning Unit, the port operator, importers, shipping agents and other relevant stakeholders.

- 2.6. There are no specific duties or responsibilities placed upon the riparian authorities in respect to port health services. However, riparian authorities may be requested to provide assistance in matters that are considered to have significant importance to the protection of public health or the enforcement of official controls. If such assistance is requested, the need for this will be clearly communicated to relevant senior officers within riparian authorities and the level of assistance agreed.
- 2.7. Matters considered to have significant importance, referred to above may include:
  - a. An outbreak of infectious disease that extends outside of the port and outside the boundaries of Redcar and Cleveland Borough Council.
  - b. The tracing of food, feed and relevant products imported through Tees Port that is believed to be unsafe and has entered into one or more the riparian authority areas.
  - c. Any other matter that is likely to have a major local or regional impact.
- 2.8. In the unlikely event that RTPHA (or RCBC) is not able to respond to a request from a shipping agent for a ship sanitation certificate inspection this would be referred to the riparian authority in whose area where the ship is to berth. It will be the responsibility of the riparian authority to determine if it can respond to such a request. The riparian authority is not expected to respond directly to the shipping agent as RTPHA will act as liaison for all such matters.
- 2.9. RTPHA will provide an annual port health training day for officers of the riparian authorities to ensure they remain familiar with port health procedures. RTPHA will provide opportunities for officers from the riparian authorities to gain experience of port health functions, in particular, procedures and arrangements for entering and conduct within the port. The role of officers of the riparian authorities will be limited to assisting in matters relating to the control of imported food, feed and relevant products which will be reflected in their authorisations.
- 2.10. The safety of officers visiting the port is the primary responsibility of RTPHA in accordance with the health and safety policies for RTPHA and RCBC. This will include the provision by RTPHA of any specialist safety equipment where this is a requirement of the port operator. The riparian authorities must provide their officers with individual personal protective equipment, in particular safety shoes. Each riparian authority is responsible for providing insurance for its own officers when they act as an authorised officer of RTPHA within the Authority's jurisdiction.

### 3. Communication and Arrangements

- 3.1. RTPHA, RCBC and the riparian authorities are committed to the principle of good communication. The aim of which is to allow representations to be made to each other and in sufficient time for those representations to be fully considered.
- 3.2. RCBC will inform the riparian authorities of the performance of RTPHA and facilitate the provision of information by at least quarterly meetings which will take place at least two weeks before the meeting of the joint board. The papers that will be presented to the joint board will be provided to the Heads of Services of the riparian authorities in advance of the quarterly meetings. In addition to these meetings

RCBC will inform the riparian authorities of any significant change or event which may impact upon RCBC's ability to deliver and manage the services provided by RTPHA.

3.3. RCBC will endeavour to respond quickly to requests for information from the riparian authorities in respect to all matters connected to RTPHA, in particular the management and delivery of the port health service.

### 4. Budget

4.1. The RTPHA is funded by the four riparian authorities and the contributions are set out in the River Tees Port Health Authority Order 2016 as follows:

| Redcar and Cleveland BC | 52% |
|-------------------------|-----|
| Stockton on Tees BC     | 31% |
| Middlesbrough C         | 15% |
| Hartlepool BC           | 2%  |

- 4.2. The financial processes relating to budget and actual expenditure will be subject to review by RCBC's internal auditors. Final accounts are independently audited by RCBC External Auditors or their nominated appointees.
- 4.3. The Service Plan will detail the demands on the service related to each riparian authority and will reflect each Authority's expenses contribution.

### 5. Overview and Scrutiny

5.1. The joint board of RTPHA will review or scrutinise decisions made, or other action taken, in connection with the discharge of port health services by officers of RTPHA and officers of RCBC acting on behalf of RTPHA.

### 6. Review

6.1. This Memorandum of Understanding will be reviewed by RTPHA in consultation with the riparian authorities at least annually and updated as necessary. It will be presented to the joint board for information.

### 1 What is the recommendation?

- 1.1 It is recommended that the River Tees Port Health Authority Sampling Policy 2024 is approved by members.
- What part of the Corporate Plan does this report deliver and how, and what options have been considered?
- 2.1 The Sampling Policy is reviewed annually and when any significant amendments are required to ensure all sampling activities are carried out in accordance with legal requirements.

Members are informed that reference to the Local Authority Enforcement Monitoring System (LAEMS) has been removed from the policy as this is no longer in use by the Food Standards Agency.

- 3 Who has been consulted and engaged?
- 3.1 Senior Officers of the Riparian Authorities.
- 4 What are the risks and resource implications?
- 4.1 The Sampling Policy is necessary to ensure the effective and lawful delivery of the service.
- 4.2 This policy is supported by the Authority's Service Plan which is produced annually in accordance with the Food Standards Agency Framework Agreement on Local Authority Food and Feed Law Enforcement.
- 5 Appendices and further information
- 5.1 Appendix G River Tees Port Health Authority Sampling Policy 2024
- 6 Background papers

6.1 No background papers other than published works were used in writing this report.

# Sampling Policy 2024/25

For approval June 2024

### 1. Introduction

- 1.1. It is the policy of River Tees Port Health Authority (RTPHA) to carry out sampling of food, feed, water and relevant products to protect public and animal health and to ensure fair trade.
- 1.2. All sampling activities will be carried out in accordance with legal requirements, current guidance and the Authority's standard operating procedures. Officers carrying out the sampling will be authorised in accordance with Quality Management System Procedure QSP/EHC/06 and in line with the delegated powers in the Constitution of RTPHA.
- 1.3. RTPHA will ensure that proper officers are appointed to carry out the examination and analysis of food, feed, water and relevant products.
- 1.4. This policy is supported by the Authority's Service Plan which is produced annually in accordance with the Food Standards Agency Framework Agreement on Local Authority Food and Feed Law Enforcement.

### 2. Sampling of food, feed and relevant products

- 2.1. All checks are carried out in accordance with assimilated Regulation (EU) 2019/2130 establishing detailed rules on the operations to be carried out during and after documentary checks, identity checks and physical checks on animals and goods subject to official controls at border control posts.
- 2.2. The Official Inspector must verify that the goods are fit to be used for the intended purpose and that their properties have not changed during transport. This can be done by;
  - a) sensory examination of the smell, colour, consistency or taste of the goods; or
  - b) simple physical or chemical tests by cutting, defrosting or cooking the goods; or
  - c) laboratory tests.
- 2.3. Laboratory tests are undertaken where it is not possible to verify the goods are fit for the intended purpose at the BCP.
- 2.4. Philis will randomly select physical checks, however deviations from this may occur as they are determined by:
  - a) Requirements of legislation and associated guidance;
  - b) New legislation;
  - c) Trends identified from previous sampling activities;
  - d) Intelligence and risk the type of product, country of origin, history of compliance of the importer etc.
  - e) FSA alerts;
  - f) Food Standard Agency priorities; and
  - g) Participation in Local, Regional or National Surveys co-ordinated by UK Health Security Agency (UKHSA), Association of Port Health Authorities or other agencies.

- 2.5. A sampling plan will be implemented based on the following;
  - a. National Monitoring Plan the national plan is provided by the Food Standards Agency.
  - b. Risk based BCP monitoring plan this is based on local intelligence and National Monitoring priorities.
  - c. Under suspicion
    - Intensified Official Controls for repeated infringements or serious health risk. Where triggered, the first 10 consignments are detained and checked. This will be evident by a banner on IPAFFS.
  - d. Safeguard measures.
  - e. Required by Legislation.

### 3. Water Sampling

3.1. RTPHA will take samples of drinking water at the request of shipping agents and the port operator. Samples may also be taken for monitoring purposes. Sampling points will include on-board ship supplies and from designated drinking water supply points located within the port. Although the port is served by a mains water supply, they must have provisions in place to prevent backflow to the system when filling ships.

### 4. Analysis and Examination

- 4.1. All samples of imported products will be formal samples. Samples for analysis will be submitted to the Public/Agricultural Analyst appointed by the Authority and samples for examination will be submitted to the Food Examiner of the UKHSA Laboratory.
- 4.2. Water samples will be informal samples and submitted to the UKHSA Laboratory for examination.
- 4.3. RTPHA will have regard for the opinions of the Food Examiner and Public/Agricultural Analyst for the interpretation of results including all relevant guidance.

### 5. Resources

- 5.1. All fees charged in relation to food, feed and food contact material sampling is recovered in full from the importer.
- 5.2. All ships water samples are recovered in full from the fees charged to the requester.
- 5.3. All jetty water sampling is carried out using our water analysis allocation by Health Security Agency.

#### 6. Review

| changes to legislation, guidance or activities at the port. |

Outcome: All priorities

Ward(s): All

#### 1 What are the recommendations?

- 1.1 It is recommended that Members should:
  - 1. Note the financial performance against budget for 2023/24 and the reasons for the budget variations of the River Tees Port Health Authority (the Authority).
  - 2. Approve the transfer of an underspend of £1,342 achieved in 2023/24, to reserves for carry-forward and use in 2024/25, to help mitigate the risks associated with the transition to a Target Operating Model (TOM) and any other unforeseen costs
  - 3. Approve the unaudited accounts for the River Tees Port Health Authority for 2023/24.
  - 4. Approve the Chair of the Board to sign Section 1, the Annual Governance Statement of the Annual Return, to enable it to be forwarded to PKF Littlejohn LLP by the return deadline of 30 June 2024.
  - 5. Approve the Chair of the Board to sign Section 2, the Accounting Statements of the Annual Return, to enable it to be forwarded to PKF Littlejohn LLP by the return deadline of 30 June 2024.
- What part of the Corporate Plan does this report deliver, and how and what other options have been considered?
- 2.1 The management of the Authority's budget and its external audit process is critical to the ongoing operations of the Port Health Service. As such no other options are available.

### 3 What is the purpose of this report?

- 3.1 To present to Members the performance against budget for the River Tees Port Health Authority for the 2023/24 financial year on revenue activities.
- 3.2 To outline the next steps for the accounts for the Authority to be externally audited.

### 4 What is the background to this report?

- 4.1 At its meeting on 3 March 2023 the Authority approved a balanced 2023/24 budget, based on the budgeted drawdown from reserves of £35,920 and a £141,680 funding contribution from the Teesside Riparian Authorities. At the meeting on 8 March 2024 Members were updated on a slightly improved forecast position reducing the expected drawdown from reserves by £26,500 as a result of increased fee income and additional Food Standards Agency income, partially offset by a slight increase in employee costs.
- 4.2 Under the Accounts and Audit regulations 2015, the River Tees Port Health Authority is categorised as a small body for final accounts and audit purposes. This means that unlike local authorities, a detailed Statement of Accounts is not required.
- 4.3 The regulations require that an Annual Return covering the income & expenditure and assets & liabilities on revenue-based activities is produced and that this is audited in line with the above regulations.
- 4.4 The annual return for the 2023/24 financial year has been prepared and following sign off at this meeting will sent to the Authority's appointed external auditors— PKF Littlejohn LLP. The summary details for this return are set out in this report, as are the primary financial statements for the Authority, the Income and Expenditure account, and the Balance Sheet. The deadline to return the signed documents to the external auditor is 30 June 2024.

4.5 The table below shows a summary of the operating expenditure and income incurred by the Authority, against the budget and forecast presented March 24 for the 2023/24 financial year:

|                          | Budget 23/24 | Projected<br>Outturn | Year End<br>Actual (Mar<br>24) | Variance<br>to Budget | Variance<br>to latest<br>Forecast |
|--------------------------|--------------|----------------------|--------------------------------|-----------------------|-----------------------------------|
| Expenditure              | £            | £                    | £                              | £                     | £                                 |
| Staff Costs              | 171,500      | 173,050              | 172,458                        | 958                   | (592)                             |
| Other Operating Costs    | 96,200       | 97,400               | 93,683                         | (2,517)               | (3,717)                           |
| Total Expenditure        | 267,700      | 270,450              | 266,141                        | (1,559)               | (4,309)                           |
| Income                   |              |                      |                                |                       |                                   |
| Income including grants  | (90,100)     | (119,350)            | (125,803)                      | (35,703)              | (6,453)                           |
| Net                      | 177,600      | 151,100              | 140,338                        | (37,262)              | (10,762)                          |
| Expenditure/Income       |              |                      |                                |                       |                                   |
|                          |              |                      |                                |                       |                                   |
| Funding                  |              |                      |                                |                       |                                   |

| Riparian contributions   | 141,680      | 141,680              | 141,680                        |                       |                                   |
| Reserves Carried Forward | 170,461      | 196,961              | 207,723                        |                       |                                   |

4.6 The main variances when compared to budget are as follows:

**Employee Costs** - overspend of £958 – pay award exceeded budget assumptions partly offset by savings on overtime.

**Other Operating Costs** - underspend of £2,517 - slightly under budget due to underspend on computer software partly offset by increased professional fee costs with associated increased income.

**Income** - £35,703 more than budget mainly as a result of;

- £22,604 increased fees income.
- £9,883 additional Food Standards Agency grant income officer time for import surveillance.

As a result of the above improved variations, the reserve will be increased by £1,342 rather than the budgeted planned drawdown of £35,920 or the £9,420 estimated at March 24.

Members approved the request for Riparian authorities to jointly contribute £141,680 in 2023/24 to support the financial position of the Authority. The outturn position is £37,262 improved from the budget position. As discussed at the March 24 Board meeting it is recommended that the Authority transfers any improved position versus

budget to a reserve which can be monitored and reviewed as the TOM becomes operational.

Further analysis of the 2023/24 final outturn position can be seen in Appendix 1.

4.7 The table below shows the Income and Expenditure account for 2023/24, in comparison to the 2022/23 figures.

| Income and Expenditure Account                     | 2023/24   | 2022/23   |
|----------------------------------------------------|-----------|-----------|
|                                                    | (£)       | (£)       |
| Staffing Costs                                     | 172,458   | 291,694   |
| Other Operating Costs                              | 93,683    | 190,798   |
| Total Expenditure                                  | 266,141   | 482,492   |
| Income                                             | (115,920) | (125,920) |
| Government Grants                                  | (9,883)   | (354,101) |
| Net Expenditure                                    | 140,338   | 2,471     |
| Transfer from reserves                             | -         | -         |
| Contribution from Riparian Authorities             | (141,680) | (123,200) |
| 2023/24 Transfer to reserves (subject to approval) | (1,342)   | (120,729) |

The table below shows the Balance Sheet (assets and liabilities) for the River Tees Port Health Authority as at 31<sup>st</sup> March 2024, including the transfer of unutilised grant and overall underspend.

| Balance Sheet       | 2023/24 | 2022/23 |
|---------------------|---------|---------|
|                     | £       | £       |
| Current Assets:     |         |         |
| Debtors General     | 3,672   | 33,393  |
| Cash in Hand        | 204,052 | 176,155 |
| Net Current Assets  | 207,723 | 209,548 |
|                     |         |         |
| Current Liabilities |         |         |
| Creditors General   | -       | (3,166) |
| Net Liabilities     | -       | (3,166) |
|                     |         |         |
| Net Assets          | 207,723 | 206,382 |
|                     |         |         |
| General Reserves    | 207,723 | 206,382 |

4.9 The balance sheet can be explained as follows:

**Debtors - General** – this is income due from third parties in 2023/24 not yet received in cash by the Authority. There is a decrease due to reduction in monies due from Riparian Authorities invoiced before the end of the Financial Year.

**Cash in Hand** – the net value of cash held by the Authority after all assets and liabilities have been considered. This has increased mainly due to timing of debtor collection relative to prior year.

**General Reserves** – These funds are a contingency buffer to be used against unanticipated fluctuations in both costs and income for the Authority and potentially increased costs due to the implications associated with the introduction of a TOM. The reserves have increased based on the proposal included in this report to carry forward reserves of £1,342.

### 4.10 **Update for 2024/25**

Financial updates relating to 2024/25 will be presented to the Board in September 2024 with any changes to forecast that becomes apparent.

### 5 Who will this benefit and how?

5.1 The production of this financial information will ensure that the Authority will be compliant with the current legislation and proper practices in terms of financial management. As such it will cover the Riparian authorities and all the Tees Valley population in terms of a fit for purpose River Tees Port Health organisation.

### 6 Who have we consulted?

6.1 The report has been prepared in consultation with the Directors of Resources and Public Health for Redcar and Cleveland Borough Council, and the individual port health officers at each of the riparian authorities.

### 7 How will it deliver our priorities and improve our performance?

7.1 Investment in Port Health services has been earmarked as an ongoing priority by the Tees Valley Chief Executives. In addition, the debate on funding levels for local councils has been the driver for improved operational performance and the delivery of a value for money service.

### 8 What will be the impact on equality and diversity?

8.1 There will be no impact on equality and diversity from this report.

### 9 What will be the impact on our carbon footprint?

9.1 There is no impact from this report on our carbon footprint.

### 10 Are there any legal considerations?

- 10.1 This report is presented under the Accounts and Audit Regulations 2015 where small body organisations are required to prepare an income and expenditure return and to undertake an external assessment of these financial results.
- 10.2 Under current legislation (Local Audit and Accountability Act 2014) it is required that the Authority make the Accounts available for public inspection prior to going forward to external audit.
- 10.3 5 June 16 June 2023: Advert giving notice on the internet (<u>www.teesporthealth.co.uk</u>) informing electors of key dates for exercising their rights to inspect the Accounts.
  - **19 June 28 July 2023:** Accounts made available at Redcar & Cleveland House, Kirkleatham Street, Redcar for inspection by electors of the borough for thirty working days.
  - **30 June 2023:** Annual Return and supporting documentation to be submitted to PKF Littlejohn LLP, our external auditors.

### 11 Appendices and further information

11.1 Appendix 1 – Detailed Comparison of 2023/24 budget for RTPHA against the unaudited outturn for the River Tees Port Health Authority for 2023/24.

### 12 Contact officer

Name: David Dobson

Position: Deputy Treasurer to the River Tees Port Health Authority

Address: Redcar & Cleveland House, Redcar Email: <u>David.dobson@redcar-cleveland.gov.uk</u>
